

Hot Bacon Potato Salad

A potato salad with no eggs or mustard . . . but it has bacon! This recipe came to us through a marriage. We inherited a beautiful new family member that caters weddings, and she shared one of her crowd favorites.

Ingredients

4 large baked potatoes
1 pound Cheddar cheese, grated
1 bunch green onions, chopped
8 slices bacon, chopped and sautéed until crisp
½ cup mayonnaise
½ cup sour cream
salt and pepper to taste

Instructions

- ❖ Peel and cut potatoes into 1-inch pieces.
- ❖ Boil in salted (about 2 to 3 tablespoons) water until soft. Drain and let potatoes cool completely. Cooling will help to keep potatoes from crumbling when stirred.
- ❖ Add all other ingredients to cooled potatoes carefully mixing.
- ❖ Place in a 9x13 greased pan.
- ❖ Bake in a 350-degree Fahrenheit oven until warmed through and cheese is melted.
